We are ecstatic to welcome the academic year of 2022-2023 by sharing with you the commendable achievements made by your graduates in the past few years. We would like to share the delight with you by attaching a list of notable recognitions which your graduates have been rewarded.

With God's grace and the joint effort of the school community, the spirituality of students is nurtured and academic progress has been made. This year, 87.9% of our students met the 33222 university entrance requirement. 90% of our graduates received JUPAS offers and offers from Bachelor's Degree programmes in Hong Kong. The programmes are very diversified, including Medicine, Physiotherapy, Medical Laboratory Science, Veterinary Medicine, Biomedical Engineering, Architectural Studies, Social Sciences (Government and Laws) and Laws (double degree), Business Administration, Insurance, Financial and Actuarial Analysis, Investment Science and Finance Analytics, Professional Accountancy, etc. We are particularly motivated by this result.

Our students have shown their potential and been recognized as outstanding students both at team and individual levels. In the previous academic year, our students received three special awards in "iCAN 2022 International Invention Innovation Competition in Canada". Student leaders also won The Best School Team for the fifteenth time in Sai Kung District Outstanding Students Election. In addition, our students have also attained fabulous results in various competitions in sports, music and aesthetics. We will remain dedicated to nurturing our students to fully unleash their immeasurable potential.

Sun Kei Secondary One Admission Talk 2023/2024 will be held soon. We would be grateful if you could distribute the leaflets to your students. The entirety of our recent achievements and development is shared in the enclosed school publication – FACETS. We hope to witness the work of God with you.
