

Our ref. no.:25-26/031/GBEC/LiCY/nw1

14th October 2025

Ms. Tsang Yin King
The Principal
Y.O.T. Tin Ka Ping Primary School

Dear Principal Tsang,

Re: Achievements of Your Graduates

We are ecstatic to welcome the academic year of 2024-2025 by sharing with you the commendable achievements made by your graduates in the past few years. We would like to share the delight with you by attaching a list of notable recognitions which your graduates have been rewarded.

With God's grace and the joint effort of the school community, the spirituality of students is nurtured and academic progress has been made. This year, 87% of our candidates met the 332A2 university entrance requirement, and around 90% of them received JUPAS offers and offers from Bachelor's Degree programmes in Hong Kong. In recent years, the disciplines in which graduates have enrolled are very diversified, including Medicine, Speech-Language Pathology, Dental Surgery, Physiotherapy, Optometry, Biomedical Engineering, Radiography, Architectural Studies, Applied Artificial Intelligence, Social Sciences (Government and Laws) and Laws (double degree), International Business and Global Management, Professional Accountancy, etc. Graduates have also been admitted to renowned institutions on the mainland and overseas, such as Peking University and the Royal Veterinary College in London, UK. We are particularly motivated by this result.

Our students have demonstrated remarkable potential and have been recognized as outstanding individuals in both team and individual competitions. They achieved a Silver Award at the 2024 International Genetically Engineered Machine Competition (iGEM) in Paris, where they conducted innovative research on the synthesis of human ginseng peptide TP-1 and lupine peptide P5 fusion proteins, which have potential value in treating cardiovascular diseases and significantly lower production costs for these new medications. Additionally, our robotics team excelled by winning the gold awards in two robotics competitions, namely the WRO Hong Kong Robotics Winter Season Speed Challenge and WRO Hong Kong Inter-School Sumo Robot Tournament & Greater Bay Area Invitational. A student of ours also received the gold reward in the Short Essay Writing Competition for Secondary School Students 2025 organised by the Hong Kong Polytechnic University. Furthermore, they emerged as champions in the 2024 International Research Competition of the Global Travel & Tourism Partnership (GTTP) and represented Hong Kong at the 2024 GTTP Student Travel Research Conference in Madrid, Spain, where they presented their findings to international delegates.

Sun Kei Secondary One Admission Talk 2026/2027 will be held on 15 November in two sessions. We would be grateful if you could distribute the leaflets to your students. The entirety of our recent achievements and development is shared in the enclosed school publication – Parents' Bulletins. We hope to witness the work of God with you. Should you have any enquiries, please contact our Vice Principal Mr. Liu Chi-yung at 2191 6022.

I cordially wish you all the best in your educational endeavours. I sincerely hope that our cooperation in facilitating children with life-changing education will grow from strength to strength.

Yours sincerely,

Mr. Ho Chun Yan
Principal
Encl.

YAN OI TONG TIN KA PING PRIMARY SCHOOL
